

**Job Title:** Building Maintenance Apprentice – Level 2

**Qualification:** Level 2 Property Maintenance Operative

**Location:** Wotton-under-Edge, Gloucestershire

**Learning Provider:** Gloucester College

**Duration:** 2 years

**Salary:** £16,500

### **What is a Building Maintenance Apprentice?**

Our Building Maintenance Apprentices provide a hands-on approach to reactive and planned works, across all buildings on our site. This is a hands-on role enabling you to learn new skills associated with building construction, refurbishment, ongoing maintenance and repairs.

### **Where will I be working?**

This role is based at our headquarters site near Wotton-under-Edge, Gloucestershire. **You will need to be able to travel independently to work and college.**

### **What will I do?**

You will learn and develop maintenance skills and knowledge through onsite work placements and studying towards nationally recognised qualifications. You will learn a range of skills including:

- Plumbing and tiling
- Basic electrical installation and fault finding
- Carpentry, decorating, and plastering
- Sustainability
- Building repairs and general property maintenance
- Health and Safety awareness

Learning will be done through a combination of day release and on the job training. Throughout the apprenticeship, you will meet regularly with our apprentice team to make sure you are on track for your End Point Assessment.

Building Maintenance across our variety of heritage and modern buildings can be exciting and fast-paced, where customer deadlines must be met, and the work produced must be to a high standard.

### **What qualification will I achieve?**

The successful candidates will be working towards a Level 2 City & Guilds in Building Maintenance. On successful completion of this, there is the opportunity to progress onto the Level 3 City & Guilds in Building Maintenance and to specialise in a specific trade such as plumbing.

### **What skills and qualifications do I need?**

Applicants must have:

- GCSEs at a minimum of a 3 or a grade D in Maths and English or functional skills (minimum level 1). If you don't meet these grades, we still want you to apply as we look at the whole application, and you might have the practical skills that we are looking for!
- Other relevant subjects such as Design and Technology would be an advantage.

- Make sure your CV is up to date with details of qualifications you are currently studying towards, including full titles and levels. You can include predicted grades if you have not completed your studies yet.
- A current or recent job, this does not need to be relevant to building or maintenance.
- Relevant work experience done through school or college would be beneficial although is not essential.
- A genuine interest and enthusiasm to undertake a practical, hands-on role in a building maintenance environment.
- Enthusiasm, motivation and a positive attitude, pride in a job well done, and the commitment to put in the time and effort during the apprenticeship to reap the benefits when the apprenticeship ends.
