

Job Title: Apprentice Surveying Technician

Qualification: Level 3 Diploma in Construction and the Built Environment

Location: Wotton-under-Edge, Gloucestershire, GL12 8JR

Learning Provider: Gloucester College

Duration: 24 months

Salary: £ 16,500

What is an Apprentice Surveying Technician?

This apprenticeship standard is for those seeking to become qualified Surveying Technicians, whether they are individuals looking to start a career in the construction trade, or competent workers wishing to upskill. The main duties and tasks of a Surveying Technician include collecting information from inspections or visits to buildings, land and construction sites; taking appropriate measurements of buildings, land or plans; meeting with other professionals, clients, customers and others to obtain and provide information relating to land, property or construction, and undertaking costings and/or measurements and/or valuations using data collected from research.

Where will I be working?

This role is based at our headquarters site near Wotton-under-Edge, Gloucestershire. **You will need to be able to travel independently to work and college.**

What will I do?

You will learn and develop maintenance skills and knowledge through onsite work placements and studying towards nationally recognised qualifications. You will learn a range of skills including:

- Construction Technology
- Data collection and analysis
- Economics
- Health and Safety
- Law
- Sustainability
- Personal effectiveness

What qualification will I achieve?

The successful candidates will study towards a Level 3 Diploma in Construction and the Built Environment. This will be taken via Gloucester College (GlosCol)

What skills and qualifications do I need?

You must have:

- A minimum of five GCSE's at grade 9 – 4 (or A-C) including Maths and English
Good written and oral communication skills
- A current or recent job, this does not need to be relevant to engineering and can be a paper round or Saturday job, as this demonstrates maturity, responsibility and independence.
- Relevant work experience done through school or college would be beneficial although is not essential

- Experience software packages including MS Word, Excel, PowerPoint
- Post GCSE qualifications or study would be an advantage but are not essential
- Familiarity with one or more of the following software packages would be an advantage: MS Outlook
