PRODUCT BULLETIN – PBC1462

Product:	Extension bars	Status:	Open
Title:	Change to aquablast finish	Date:	18 November 2010

Originator:		Distribution:	
L Quick		Internal	✓
		Subsidiaries	✓
Reviewer:		OEM's	✓
B Gow		Retrofitters	✓
		Distributors	✓

Summary:

This bulletin is to advise that with immediate effect we will be shipping all extension bars with an aquablast finish instead of the traditional polished finish. We will endeavour to ensure that we do not supply a mix of the polish and aquablast finish within any extension bar kit that we ship from the UK. Good stock rotation is needed to ensure that all stocks of polished extension bars are exhausted to minimise the risk of mixed finishes being shipped to customers.

Current polished finish

New aquablast finish
