Radio compliance

For radio transmission products only

The simplified declaration of conformity statement below only applies to the Renishaw radio transmission products listed.

Simplified declaration of conformity

Renishaw plc hereby declares that the radio equipment types RMP, RTS and RLP probes, RMI-Q and RMI-QE interfaces, and Primo™ products are in compliance with:

- Directive 2014/53/EU, the Radio Equipment Directive.
- UK SI 2017 No. 1206, the Radio Equipment Regulations 2017.

The full text of the declaration of conformity is available at:

www.renishaw.com/mtpdoc

Disposal of waste electrical and electronic equipment (WEEE)

The use of this symbol on Renishaw products and/or accompanying documentation indicates that the product should not be mixed with general household waste upon disposal. It is the responsibility of the end user to dispose of this product at a designated collection point for waste electrical and electronic equipment (WEEE) to enable reuse or recycling. Correct disposal of this product will help to save valuable resources and prevent potential negative effects on the environment. For more information, contact your local waste disposal service or Renishaw distributor.

Disposal of batteries

The use of this symbol on the batteries, packaging or accompanying documents indicates that used batteries should not be mixed with general household waste. Dispose of the used batteries at a designated collection point. This will prevent potential negative effects on the environment and human health which could otherwise arise from inappropriate waste handling. Contact your local authority or waste disposal service concerning the separate collection and disposal of batteries. All lithium and rechargeable batteries must be fully discharged or protected from short circuiting prior to disposal.

REACH regulation

Information required by Article 33(1) of Regulation (EC) No. 1907/2006 (“REACH”) relating to products containing substances of very high concern (SVHCs) is available at:

www.renishaw.com/REACH

China RoHS

For more information on China RoHS, visit:

www.renishaw.com/mtpchinarohs

Frequency and power

RMPxx, RMPxxM, RLP40, RTS and RMI-Q operate in the 2.4 to 2.4835GHz Frequency Band, with a maximum power of 0dBm (1mW).

ITU Emission Designator: 875KFXD

RMPxxQE, RMPxxMQE, RMP24-micro, RLP40QE, RLP40HQE, RTSQE and RMI-QE operate in the 2.4 to 2.4835GHz Frequency Band, with a maximum power of 4dBm (2.5mW).

ITU Emission Designator: 2M33F7D / 2M33FXD

The Primo range of products operate in the 2.4 to 2.4835GHz Frequency Band, with a maximum power of 0dBm (1mW).

ITU Emission Designator: 875KFXD

47 CFR Section 15.19

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

47 CFR Section 15.21

The user is cautioned that any changes or modifications not expressly approved by Renishaw plc or authorised representative could void the user's authority to operate the equipment.

47 CFR Section 15.105

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at their own expense.

ICES Information to user (Canada only)

Class A Equipment Statement (non-residential)

CAN ICES-003(A) / NMB-003(A)

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Packaging information

Item	Description	Code	Material
A	Shipping carton	20 - PAP	Fibreboard
B	Void fill	4 - LDPE	Low-density polyethylene
C	Product box	20 - PAP	Fibreboard
